632 Lex Dr
Charlotte, NC 28262

Bednarz sought out different mediums during her academic career at UNC Charlotte. While she focused on sculpture, she collected skills and knowledge from other art making processes to implement in her sculptural work. By the end of academia, she was combining multiple mediums and formats into her bodies of work. After graduation, she went on to teach high school for the 2020-2021 school year during the COVID19 Pandemic.
